Preface

Welcome to Cursor Studios, a dynamic convergence of technology and creativity established in 2025. In an era where digital presence is synonymous with business identity, we serve as a comprehensive partner for organizations looking to define, build, and amplify their brands.

Headquartered in the thriving tech hub of Mohakhali DOHS, Dhaka, Cursor Studios was founded on a singular premise: that true digital impact requires the seamless integration of robust software engineering and compelling visual storytelling. We do not simply build websites or design logos; we architect digital ecosystems. By combining full-stack development prowess with high-end media production, we offer a holistic service suite that ensures our clients' technical infrastructure is as strong as their visual narrative.

CORPORATE STRATEGY

Mission Statement

To empower businesses by bridging the gap between functional technology and aesthetic excellence. We aim to deliver integrated digital solutions that not only solve complex operational challenges but also craft memorable brand experiences, driving growth and engagement for our partners.

Vision Statement

To become a leading catalyst for digital transformation in Bangladesh and beyond, recognized for setting new standards in software reliability and creative innovation. We envision a future where every brand we touch "clicks" effortlessly with its audience through superior design and engineering.

Core Values

- **Innovation:** We embrace the latest technologies and creative trends to keep our clients ahead of the curve.
- **Integrity:** We believe in transparent communication, honest consulting, and delivering on our promises without compromise.
- **Synergy:** We operate at the intersection of code and canvas, believing that the best results come from the collaboration of diverse talents.
- **Excellence:** We are committed to pixel-perfect design and clean, scalable code in every project we undertake.

Quality Policy

At Cursor Studios, quality is not an afterthought; it is the foundation of our workflow. We adhere to strict development lifecycles and creative quality assurance processes. From the initial line of code to the final render, every deliverable undergoes rigorous testing and review to ensure it meets international standards of performance, security, and usability.

OUR TEAM

Nehan Yaser Khan

CEO & Lead Developer

Nehan acts as the technical visionary for Cursor Studios, spearheading the development of intuitive and high-performance digital interfaces. With deep expertise in modern frontend frameworks and UI/UX principles, he specializes in bridging the gap between complex functionality and user accessibility. Nehan ensures that every digital touchpoint is not only visually striking but also responsive and optimized for a seamless user experience across all devices.

Tahlil Mohammad Amin

CTO & Backend Engineer

Tahlil is the architect behind the robust digital infrastructure that powers Cursor Studios' solutions. He serves as an expert in building scalable, secure, and efficient server-side applications that handle complex data logic with ease. His focus lies in optimizing database management, ensuring API security, and constructing resilient backend architectures that allow businesses to grow without technical limitations or downtime.

Mahian Arthob

Creative Director

Mahian leads the artistic direction of the studio, driving the visual narrative that defines our clients' market presence. He excels in producing stunning visuals and engaging media content that brings brands to life through storytelling and strategic design. From conceptualizing unique brand identities to executing high-fidelity media production, Mahian ensures that every visual element resonates emotionally with the target audience and aligns with the client's core message.

RANGE OF SERVICES

1. Full Stack Web Development

We build the web of tomorrow. Our development team handles the entire lifecycle of web applications, from client-side interfaces to server-side logic.

- **Frontend:** Responsive, interactive interfaces using React, Vue, and modern CSS frameworks.
- **Backend:** Secure APIs, database design, and server management.
- **E-Commerce:** Custom shopping experiences with secure payment gateway integration.

2. Software as a Service (SaaS)

We help startups and enterprises launch scalable software products.

- **Product Development:** MVP development to full-scale SaaS application deployment.
- **Cloud Architecture:** Utilizing cloud computing for scalability and reliability.
- **Maintenance:** Ongoing updates, feature integration, and security patching.

3. Graphic Design & Branding

We craft identities that leave a lasting impression.

- **Brand Identity:** Logo design, typography, color palettes, and brand guidelines.
- **UI/UX Design:** Wireframing and prototyping for web and mobile applications.
- **Marketing Collateral:** Digital banners, print materials, and social media assets.

4. Media Production

We tell your story through motion and sound.

- **Video Editing & Production:** Corporate promos, product showcases, and social media reels.
- **Photography:** Professional photography for your corporate and/or networking events.
- **Content Strategy:** Visual storytelling aligned with marketing goals.

Esteemed Clientele

We are proud to have partnered with a diverse array of organizations, ranging from international foundations to local industry leaders.

1. **Squad 24 Seven Ltd.**
2. **AS IT Solutions**
3. **Barista Garage**
4. **Zakaria Foundation, USA**
5. **Evercare Secure Solutions Ltd.**
6. **Coffee Lab Bangladesh**
7. **Max Leather Industry**
8. **Moveon Coffee**
9. **Iftekhar Ahmed Foundation**
10. **Udoy Coffee**
11. **Orbit 360**
12. **Eunoia Society**
13. **Rishka Connects**

Looking Forward

In a digital landscape that is constantly shifting, standing still is not an option. Cursor Studios is more than just a service provider; we are a partner in your growth story. Whether you are a startup looking to disrupt the market with a new SaaS product or an established enterprise seeking a brand refresh, our team is ready to deliver excellence. We invite you to collaborate with us. Let's build a digital future that is robust, beautiful, and impactful. Let's build a brand that clicks.
